Innovative glass for a better world

World leader in tableware, the Arc group creates everyday innovative and sustainable glass solutions to enjoy eating, drinking and home experiences.

Through its Luminarc™, Arcoroc™, Cristal d'Arques™ Paris and Chef&Sommelier™ brands, Arc is aimed at both individuals and professionals. The Group is present in many markets, in particular that of mass retail, hotels, restaurants, bars and cafes, wine merchants, and collective catering (schools, hospitals, retirement homes, and company canteens). It also provides tailor-made solutions for manufacturers and promotional items.

Committed to a Corporate Social Responsibility approach, the Arc group invested 5 million euros in Research & Development in 2022 and reduced its CO² emissions by more than 23% per ton of glass produced between 2010 and 2022. The Arc group is also actively contributing to the transition to a new circular economy model, including offering innovative and sustainable glass containers as alternatives to single-use plastic.

With production sites in France, the United States, China and the United Arab Emirates, the Group produces more than 4 million items every day. Arc employs more than 7,000 people and generated sales of 900 million euros in 2022.

Arc, innovative glass for a better world

www.arc-intl.com

Climate Roadmap & Circular Economy

Arc has initiated Arc Responsible, a program built around 7 topics whose implementation is planned until 2030. The aim of this program is to reduce the environmental impact resulting from the design, manufacture, use and recycling of its products.

Arc Responsible

Click or scan

Arc has also acquired unique expertise over the years in the areas of food service, bars, gastronomy, oenology and Food to go & Delivery.

With its two brands, Arcoroc™ and Chef&Sommelier™, Arc perfectly meets the needs of hospitality and restaurant professionals via a very extensive portfolio of products.

In this catalogue, discover more than 15 different unit needs (tableware, buffet, dinnerware, champagne or cocktail set, cutlery, etc.) among which you will find the perfect solution for your needs, from the heaviest to the most refined usage, as well as the most innovative.

ARCOROC

It's all part of every day, and every service.

At Arcoroc™, we know this very well; we've been creating tableware products since 1958.

Arcoroc™ has developed a range of **innovative** and functional **global tableware solutions**, designed for **intensive** use in the catering industry, which is now recognized worldwide and makes us the preferred partner of the world's leading hotel, restaurant and bar chains.

This has led to an unrivalled presence, made possible by our **unique know-how** and constant quest for **innovation** in materials and design.

Ultimately, Arcoroc™ has the sole aim of resisting both the pressure and rhythm of your daily life, but also matching your creativity and desire to satisfy your customers.

Arcoroc™ also develops **sustainable product solutions** that are easy to transport, **healthy, hygienic**, and have a **reduced carbon footprint**, so that together we can build the responsible and fair catering of tomorrow.

Arcoroc™ is a brand of the ARC Group, and benefits from the know-how and heritage of this major industrial group that was founded in 1825. It has since become the world leader in tableware.

Chef&Sommelier™ symbolizes an **art of living** that embodies the richness of **French gastronomy and oenology**.

Chef&Sommelier™ imagines glassware collections with pure and **elegant** design.

It offers a unique signature for serving **fine** tables, and the **demanding** professionals who seek to sublimate their savoir-faire, while awakening the senses and creating unforgettable tasting experiences for guests.

The **Chef&Sommelier™** collections are part of a world of **innovation, passion, elegance** and **exacting** standards.

With **Chef&Sommelier™**, make way for **pleasure, creativity, discovery** and **shared authenticity!**

It is reassuring to know that all **Chef&Sommelier™** items are produced in Krysta™, a new-generation of crystal glass, which is made in France in the "Haut de France" region.

Chef&Sommelier™ is an ARC Group brand, benefiting from the know-how and heritage of this major industrial group. It was founded in 1825 and has since become the world leader in tableware.

Decanters for the sommeliers

Chef&Sommelier decanters are useful tools for sommeliers and waiters to magnify wines.
Here is how to use them properly.

CARAFES	To decant	To oxygenate
Explore* C&S 	✓	
Macaron* C&S 		✓
Opening C&S 	✓	
Open'Up* C&S 		✓
Decanta ARCOROC 	✓	
Vina ARCOROC 	✓	

*GRIPPING DOME

To decant:

Effective to remove and retains the deposits, especially coming from the mature or bio wines.

To oxygenate:

When vigorously shaken, the decanter thanks to the angular shape develops the aromas of young wine

Reuse

Container is a core element in the reuse loop. It must be adapted to each step of the loop to ensure an easy transition. That's why the selection of the container is the 1st step when switching from disposable to durable.

KRYSTA™

Gastronomy professionals are searching for glasses that satisfy their needs in terms of **perfection and sophistication**.

Their desire: Splendidly elegant table settings with **fine, lightweight, extremely transparent** products.

Their professional needs: **Intensive daily use** requires products that are **highly resistant to shocks and detergents**.

To meet these twin challenges of **aesthetic excellence and resistance**, the Arc Research Centre is introducing a **new generation of lead-free crystal: Krysta™**; The high-performance crystal glass.

SUPERIOR STRENGTH

The Arc Research Centre has developed a crystalline material, Krysta™, combining **superior strength with exceptional finesse**.

Finer and stronger: the Krysta™ innovation.

With a thickness of 1.1 mm at the rim, Krysta™ is 30% stronger*

• **Savings across the entire chain: fewer breakages and chipping during transportation, storage, washing and polishing.**

*than other standard crystal glasses on the market.

COMPLETE TRANSPARENCY

Krysta™ is one of the **purest and most transparent crystal glass** on the market.

The perfect mastery of its composition, the quality of the sand used, and fusion at a very high temperature gives Krysta™ perfect transparency.

• **Tables enhanced by the sparkle of Krysta™.**

• **The visual aspects of every wine respected to perfection.**

LONGLASTING BRILLIANCE

Krysta™ boasts extreme, long-lasting brilliance.

After 2,000 professional dishwasher cycles, Krysta™ is **as brilliant and transparent as ever**.

• **Glasses that bring a special brilliance to your tables.**

• **Dinner services with lasting sparkle that you will be using for a long time.**

PERFECT ACOUSTICS

Krysta™'s exclusive composition gives it a **clear, pure sound** in keeping with the tone of the finest crystals.

• **The allure of Krysta™: A unique shine coupled with a distinct sound for a refined sensory experience.**

FULLY TEMPERED GLASS

For professionals, breakage problems are a regular occurrence.

In order to increase the lifetime of product by 10 to 50 times, in 1958, our research and development center developed and perfected since then, a technical process known as « tempering ».

This process provides products with excellent resistance to heat and mechanical shock.

Our items are fully tempered.

Savings in terms of budget and restocking costs:

a tempered glass can be up to 5 times more resistant than an item that has not undergone any specific treatment process.

Tempered products resist to temperature variations till 130°C:

they can thus be removed from the oven (or from a salamander) and placed directly in cold water without the risk of breakage.

*except for So Urban – thermal shock resistance 110°.

Completely safe for table service*:

when a shock or series of shocks manage to rupture the exterior shell of the tempered glass, the resulting glass shards are not sharp to the touch*.

*According to the thickness. Cannot be applied to tempered Opal.

OPAL GLASS

In 1958, the Arc research and development department developed and perfected since then a new material generation for dinnerware: Opal. Food service professionals all over the world have opted for that all-round **professional material** solution that is **economical, ecological and practical**.

Up to **3 times more shock-resistant** than porcelain: the secret of its unbeatable durability.

Opal Glass products are **resistant to variations in temperature of 130°C**: they can thus be removed from the oven (or from a salamander) and placed directly in cold water without the risk of breakage.

Fade-resistant surface and pattern, even after 2,000 industrial dishwashing cycles.

As **efficient in keeping food hot** as other materials such as porcelain. (at the same thickness and weight)

Can be **safely handled after microwave** use.

100% Opal, **0% porosity**. **100% protection against bacteria**s.

Arcoroc™ and Chef&Sommelier™ cutlery is **designed** for **intensive and professional use**.

The **reliability** and **durability** is **underpinned by strict specifications and rigorous checks at each stage of the manufacturing process**.

Most of our collections are done in 18/10 – AISI 304 stainless steel, what is ideal for use in **high-quality cutlery and to guarantee resistance**, the thickness of the cutlery is examined in minute detail.

Some of our Arcoroc™ collections are done in 18/0 – AISI 430 performance polished stainless steel, also **resistant and designed for a long life**.

Each piece of our cutlery has been designed to combine **elegance with perfect ergonomics and balance**.

Our cutlery is **wash resistant and respects dinnerware material** by avoiding **scratches**.

The **bending strength and torsion resistance** has been designed to be above the requirements of the industry.

Regarding our knives some are available in both solid handle and hollow handle formats.

Our solid handle knives have been created to balance weight with design and use the finest quality stainless steel.

Our hollow handled knives use the traditional 3 piece composition, highest grade 18/10 – AISI 304 stainless steel handle (2 piece) and high grade (AISI 420) hardened knife blade (3rd piece), to give the optimum in quality, longevity and design. All of our cutlery collections are dishwasher safe.
