Martini Reloaded – Reviving a classic

Artis, a spotlight on all styles of Martini cocktails

The Martini is making a remarkable comeback across hospitality venues, backed by a fusion of nostalgia, quality and creative reinvention.

Classic and fruit-based Martinis are still on the menu, but we are now seeing new and bold flavours such as matcha, blueberries and lychee being added to give that contemporary twist. The trend for 'mini-martinis' has risen, perfect for tasting menus, upselling and portion control.

Artis offer a wide range of Martini glasses from mini to supersize, crystal to polycarbonate and classic to uber modern – The Martini revival begins right here.

Tidal Treasures

Artis, for all of your coastal themed tabletop solutions.

Bring the serene beauty of the shoreline to the table with tidal treasures – a curated trend celebrating all things coastal.

Marine inspired tableware, combining motifs and textures in shades of blues and neutrals, shell inspired dishes and glassware and a collection of wave inspired barware.

Designed for any space that craves a touch of the tides and encourages guests to dine with a sense of calm and serenity.

Maritime - Ocean Breeze

Dive into the world of the ocean with Maritime.

The beauty of the sea right at your table. The Ocean Breeze designs combine maritime charm with modern style.

Featuring classic blue ocean themed decorative icons including fish, coral and crabs, ideal for seafood presentation and casual dining.

An ideal way to present your dishes with style and individuality.

Silento

A pure, natural matt glaze with a slight texture contrasts perfectly with the handcrafted, smooth swirl of white glaze in the base.

The deep sides and the elegant foot makes this bowl ideal for fine dining combined with the neutral colour pallete it frames the food creating a spectacular visual display.

Made of high quality stoneware it is a perfect mix with other stoneware and porcelain products in our collection.

Belle-île

The Belle-île collection captures the beauty and serenity of the ocean.

Its gently curved shape is enhanced by a delicately embossed shell at the base, reminiscent of the treasures scattered along the shores of the beach.

Ideal for serving soft drinks and wine in a casual setting.

Waves Bar Coolers

The new collection of barware presentation pieces in both stainless steel and acrylic feature an eye-catching wave design to elevate your wine and champagne drinking experience with a contemporary twist.

The sleek stainless-steel double walled wine cooler and champagne bucket add sophistication and style to the table, whilst the stainless-steel construction aids temperature retention, keeping drinks cooler for longer.

The Acrylic buckets are ideal for Al Fresco dining and outdoor events keeping wine and champagne chilled whilst also being highly practical.

Tequila - A new wave

Artis, a spotlight on all styles of presentation for Tequila cocktails.

Tequila was once primarily associated with shots in the UK, but we are seeing a new wave of Tequila drinkers.

Hand-crafted cocktails with an authentic look and taste are now a popular choice for the Tequila lover and are now featured in cocktail menu's across the country.

Artis offer a wide range of innovative glasses suitable for Tequila including the new Glitch glass, stemmed margarita glasses and Tequila sunrise glasses.

Sweet Delights

Artis, for all of your delectable dessert serving solutions.

The exciting landscape of sweet treats and desserts is as popular as ever as people continue to explore, taste and share desserts together.

Nostalgia is still on trend as customers opt for retro classics such as Banana Splits and Ice Cream Sundaes. Edible flowers add elegance and a pop of colour and taste.

As the dessert market continues to grow we showcase our exciting products including glass dessert and sundae dishes and striking stoneware plates and bowls.

Health & Wellbeing

Artis, for all of your healthy and vibrant serving solutions.

Healthy foods and drinks that are good for the mind and body are ever increasing in popularity in the dining out market.

Dishes that feature and abundance of vegetables and pulses and are rich in vitamins and minerals are being chosen to improve wellbeing. Fruit and vegetable smoothies are proving to be popular drink choices for the health conscious.

Our solutions include beautiful simple drinking glasses and carafes and a wide range of stoneware plates and bowls for presenting plant-based dishes to stunning effect.

Pizza & Pasta

Artis, for all of your Pizza & Pasta serving requirements.

Pizza & Pasta is synonymous with comfort and taste and is one of the top cuisines people choose when eating out. Now a British everyday classic, due to the combination of authentic cooking, quality ingredients and an abundance of colour and flavour.

The choice of food service eateries offering pizza is vast, from large pizza chains, through to independent restaurants and gastro pubs.

Our solutions include decorated pizza plates and pasta bowls, coloured water glasses and wooden boards.

Enjoying Al Fresco

Artis, for all of your stylish outdoor drink and snack solutions.

As the nights get lighter and the weather gets warmer we start to enjoy more time spent outdoors enjoying drinks and nibbles in relaxed settings.

Al Fresco dining provides a great opportunity for customers to enjoy better weather,

but it also provides businesses with the opportunity to maximise profits on these longer summer nights.

Whether its drinks on a roof top bar, by the spa pool or at a wedding reception, drinking in the open air evokes a very enjoyable experience for the customer.

Our solutions include premium polycarbonate drinkware, tiki glassware and plate risers for sharing.

Afternoon Tea

Artis, for all of your traditional and contemporary Afternoon Tea solutions.

Part of the Great British Institution dating as far back as 1840, the trend for Afternoon Tea is on the rise more than ever.

Customers are looking for an indulgent and memorable dining experience with a more

cost-effective price tag.

From nostalgic themes, with classic food and traditional ingredients to new world flavours

with a fusion twist, the presentation opportunities are endless.

Whether you are a prestigious hotel, small independent bistro or a gastro pub we have product solutions to suit all themes and styles.

Flamboyant Opulence

Looking for an indulgent and memorable dining experience, our Afternoon Tea solutions offer the perfect mix of products.

Our new Antique Copper 3 Tier cake stand complements the rich and opulent colours of the Purity Pearls plates which are now available in a 24cm size to fit our new stand.

Further enhanced by premium china, glassware and cutlery with our Playground glass domes completing the look.

Afternoon Tea

Contemporary Sophistication

New world flavours with a fusion style are now a popular choice for many looking for Afternoon Tea with a contemporary twist.

Add drama and sophistication with our Antique copper stand combined with Nara Black & White, Cast Iron Teapot, Oak accessories, iconic glassware and cutlery.

We offer endless opportunities for presentation for a trend that is still very much on the rise as customers seek cost effective dining experiences.

Modern trend conscious design

Schonwald is a premium and professional porcelain brand and part of the BHS Tabletop family. High quality porcelain products combining traditional craftmanship with modern accents. Collections designed for the top gastronomy and hotel industry.

Working conceptually and imaginatively, the brand acts as a specialist, transforming trends into well thought out concepts combining vibrant colours, modern designs and harmonious items, always at the cutting edge of design trends.

The Noble China collections combine a variety of shapes with refined and delicate profiles in a pure bone china white lustre finish. Available in a range of stunning designs including embossed designs and adventurous shapes.

The Schonwald collections are made from the highest quality professional vitrified porcelain and offer long term solutions making them the ideal choice for all types of hospitality environments. Available in a range of shapes, embossments and decorations to suit a broad range of tastes and styles.

SCHÖNWALD – Feel inspired.

Create

Classic fine dining gets a new look with two rimmed chefs plates in the Create collection.

The embossment is on the inside of the rim and defines the food presentation area to stunning effect.

Combine with the coupé shapes to 'create' endless gastronomic styles of plating for the chef.

Create your style.

BAUSCHER GERMANY

BAUSCHER
GERMANY

Timeless design of the highest quality

Part of the BHS Tabletop Group, Bauscher has been a premium and professional porcelain brand since 1881. Home to iconic classic designs of the highest quality. Porcelain products designed to target a wide variety of sectors including high-end hotels and fine dining restaurants.

Clear lines, balanced proportions and understated aesthetics characterise the design, which blends harmoniously into any environment. The focus is on creating pieces that have exceptional durability and timeless value.

The PURITY collection made from vitrified Noble China combines a variety of shapes with refined and delicate profiles in a pure bone china white lustre finish. Available in a range of stunning designs including embossed and decorated designs.

The Bauscher collections are made from the highest quality professional vitrified porcelain and offer long term solutions making them the ideal choice for all types of hospitality environments. Available in a range of shapes, embossments and decorations to suit a broad range of tastes and styles.

BAUSCHER - Your trusted partner.

Bespoke Branding and Decoration

Bespoke branding and decoration gives you the opportunity to create a professional and personalised look for your business. We specialise in providing individual made to order items in your own design or one created especially for you by our team of design experts. From a simple one colour logo to a full colour design we will work with you to create your own personalised tableware on our Schönwald and Bauscher products.

BAUSCHER GERMANY

SCHÖNWALD Germany

Contact us for
further details at:
sales@artis-uk.com

Minimum order quantity – Low minimum order quantities of only 400 Schönwald/Bauscher pieces whether it is a logo or an all over decoration allows small businesses such as independent cafés through to large restaurants and hotels chains to enhance their brand. Re order quantity 100 pieces.

Lead Time – Approximately 6 - 8 weeks from both approval of fired sample and receipt of the order. Please ask for current lead times at the start of the process. Our team of experts will support you through all stages of the journey to achieve your personalised tableware.

Inglaze decoration – The inglaze colour pigments are fired to high temperatures of 1,200c which sink into the glaze becoming one surface which is exceptionally hardwearing and scratch resistant. The colours will remain permanently bright and will not fade over time even after extensive use in a commercial dishwasher.

Please note this service is not available on Playground products.

BHS TABLETOP AG

BAUSCHER GERMANY

Marie Christine

Bring a timeless elegance to the dining experience with Marie Christine, our vintage inspired range.

A scalloped rim enhances the white shapes, further complemented by ornate handles on the cups and a rosebud lid on the teapot.

The vintage style can be further enhanced with our stonewashed cutlery, natural stone dishes and vintage glassware.

Marie Christine

BHS TABLETOP AG

Contemporary Stoneware

Our stoneware ranges are all microwave, oven and dishwasher safe.

Contemporary Glassware

Our glassware items are microwave and dishwasher safe.

PLAYGROUND

PLAYGROUND

Food presentation with no limits

Unconventional, exciting, different - Just a few words to describe Playground, the wildest member if the BHS family. Playground brings fresh designs, bold materials and true wow moments to the tabletop. From strong materials mixes to surprising shapes, it's all about making a statement on the table.

The mixed materials element is a wonderful way to play. Materials include stoneware, wood, glass and natural stone which allows for surprising food presentation with a unique look and feel.

The contemporary stoneware ranges are available in a range of innovative shapes combining striking glazes with texture and colour to appeal to the latest gastronomic trends in food presentation.

Products designed in materials such as wood, glass and natural stone can be playfully mixed and matched with the stoneware tableware lines tapping into the multi sensory experience.

PLAYGROUND – Beyond taste.

Playground Gallery

We have handpicked a collection of exquisitely glazed plates and bowls in a myriad of colours and textures.

These pieces provide the perfect canvas for showcasing your culinary masterpieces and enhancing the natural beauty of the food on display.

Nami Dune

The organic design of the Nami Dune stoneware range emphasises the whole philosophy around wholesome food and ingredients.

The soft fluted edge and the subtle, textured glaze with a colour reminiscent of sand dunes create a relaxed design whether in a casual fine dining or upscale gastronomy setting.

The oval and round plates, bowls and dip dishes are also ideal for snacks in lounges and bars.

Artis®

Elevating the Art of Hospitality

Artis is a leading provider of quality tabletop items to the hospitality market for over 70 years, supplying drinkware, tableware, cutlery and barware to the food service industry in the UK and the Republic of Ireland.

Under the Artis brand we have handpicked eye-catching products in quality materials that further complement our wider portfolio of branded products. Selected for their specific features to cater to the broad styles and tastes of the hospitality market.

Professional Italian pizza plates in a myriad of colours and decorations, tapas boards, speciality beer glasses and statement wine glasses are just a few examples from the Artis portfolio.

Each piece is crafted to enhance presentation, withstand the demands of professional service whilst reflecting the high standards of our brand.

ARTIS – Every detail matters

Napoli

“Italian design to enhance mediterranean cuisine.”

Introducing our new mediterranean inspired decorated porcelain pizza plates and pasta bowls, featuring our new additions Napoli Olive, Black and Capri.

Our collection of Napoli designs are designed and produced in Italy to the highest quality, adding authenticity and style to the table.

Pizza plates that have been designed for professional daily use in the most popular pizza sizes. Pasta bowls in a classic Italian shape with a decorated rim to frame the food. Also available in white for a simpler solution.

Features and Benefits

- Fully Vitrified Porcelain
- Authentic Italian shape and design
- Perfectly flat plate for the optimum pizza serve
- Underglaze decorated for durability
- State of the art digitally printed designs
- Multiple foot rings for stability and strength
- Dishwasher safe
- Microwave safe

Tapas 4 piece set

"Tasty tapas sharing boards"

Serve tapas in style with our versatile and cheerful 4 piece tapas set offering a full solution for serving hot and cold tapas, fruit, dips and snacks.

The wooden bamboo serving board securely holds three ceramic bowls and allows space for breads and pittas, providing stylish and convenient presentation.

The three ceramic stoneware bowls in shades of coral, cream and blue have a smooth glaze contrasting with the natural stoneware body on the base.

Great for space saving on the table and Al Fresco dining.

Health-Conscious Cooking
- 100% Ceramic cookware.
- Ceramic cookware is non-porous, meaning no absorption of oils or odours.
- Your food always tastes fresh and true to its ingredients.

Superior Heat Retention and Distribution
- Efficient and consistent heat retention and distribution for better cooking results.

Versatility Across Cooking Surfaces
- Microwave and dishwasher safe.
- Oven up to 1200°F, pizza ovens, open flame and stove top.
- Fridge and freezer safe.

High Thermal Shock Properties
- From flame to marble to fridge, it will not crack or break.
- Resistant to sudden temperature changes.

Durability
- Durable ceramic so will not scratch, even when using metal utensils.
- The colour and finish will stay the same year on year.

Non-Porous and Easy to Clean
- Does not absorb food odours or flavours.
- Easy to clean by hand or in the dishwasher.

Ceraflame cookware

Ceraflame cookware

Handcrafted cookware built to perform

Ceraflame is a Brazilian company specializing in the production of heat-resistant ceramic cookware, founded in 1956.

Known for their unique 'One Dish Solution' allowing meals to be prepared, frozen and then placed directly into an oven without suffering from cracking.

Choosing Ceraflame's 100% ceramic cookware mans investing in your health, enhancing your cooking experience, and enjoying the peace of mind that comes with using safe, durable, and versatile cookware items.

CERAFLAME – Pure ceramic. Pure flavour.

PYREX®

COOKING EXPERT SINCE 1915

A complete solution to all cookware requirements

Founded in 1915, the Pyrex brand has always anticipated the latest trends in cookware. Throughout the years Pyrex has produced new ideas that offer a complete solution to all cookware requirements, including preparation, cooking, freezing, storing and presentation at the table.

By creating revolutionary products, Pyrex has become the Ideal Chefs partner from kitchen to table.

Being oven safe, dishwasher safe and stored in the fridge or freezer. Made from a durable healthy, sustainable thermic shock material, all products have a 10 year guarantee.

PYREX – Super practical & durable.

Buffet Service

- Brake mechanism means roll top covers stay open at any angle required.
- Removable covers for easy cleaning.
- Steam holes in lids prevent condensation; water is channelled into water pan preventing unsightly run-off.
- Fuel burners, or electric heating elements may be used on all roll-top chafers.
- Integral wind block facilitates outdoor use of fuel burners.

Luigi Bormioli
ITALY

lock-eat®

The Lock-Eat glassware food and juice Jars have a glass lid that can be completely removed making them ideal for table service, compact in size and easy to wash in a dishwasher.

Designed to present table serving solutions in a functional and innovative way. The food jars are perfect for single serving portions such as amuse bouche, appetisers, finger foods and desserts. The carafe style jars are are ideal for all types of drinks including juices, smoothies and water.

The flexibility of the design means they can also be used for storing, preserving, canning and fermenting due to the superior airtight properties of the glass lid.

Features and Benefits

- **Fully detachable glass lid and clamp** – Easy to fill, easy to present with food in, easy to open and close and easy to wash.
- **Glass allows for full visibility of food and drink** – Ideal for all types of table service from breakfast through to dinner.
- **Smaller sizes** – Ideal for single serving portions
- **Food jars are stackable** – Space saving storage.
- **Durable glassware** – Can be reused over and over again and fully recyclable.
- **Airtight closure** – Prevents food bacteria. Suitable for storing, canning, preserving and fermenting.
- **Dishwasher and Freezer safe.**

Innovative **detachable** lids

WNK®
FIRST IN FOOD SERVICE

Luxury design enhancing the sensory pleasure of food

With over 70 years of manufacturing experience in creating the finest quality flatware and metalware, WNK has grown to become a major international supplier to the food service industry.

A luxury cutlery brand offering highly polished and beautifully finished pieces combined with a heavier weight, adding to their lavish style and feel. The thickness and weight allows for the depth of sculpted shapes to be forged out of the finest of raw materials from Finland and Japan.

The sensory experience of dining out is enhanced by the luxurious feel, good balance and mirror finish of the cutlery designs. The pleasure of sharing food and remembering these experiences is enhanced through the objects we hold and use in our everyday lives.

Excellent products with a long service life, style and elegance to help promote your hospitality business

Salvinelli
italian cutlery concept

The art of precision, beauty and balance

A family business with over 60 years experience in manufacturing cutlery based in the historic town of Brescia in Northern Italy.

The Salvinelli brand offers stunning Italian design and manufacturing in Italy. It successfully combines both traditional craftsmanship and new advances in technology and engineering.

The result, a wide selection of refined and elegant cutlery ranges to suit different styles and tastes, designed specifically for the food service industry. Always on the search for new styles and treatments to keep up with the demands and trends of the industry.

Backed by a guarantee of quality, due to the use of the very best raw materials and the constant quality controls carried throughout the production process.

SALVINELLI – Years of tradition.

Introducing Grand Hotel, an elegant range with a perfect combination of weight, balance and quality.

A classic shape in a mirror finish which compliments our buffet serving collection.

Laser Marking – Enhance your brand

- We offer a unique customisation across all items of 18/10 cutlery.
- Initials, names, symbols and logos, approximately 20 x 10mm can be produced.
- The laser marking can be applied to the standard mirror finish, PVD colour coated and stonewashed finishes.
- Fully dishwasher safe.
- Please note that the Ice finish is not suitable for this process.
- MOQ is 300 assorted pieces.

PVD Coating – A touch of originality

- A range of striking metallic colours are available in our specialist PVD coating which is both durable and striking.
- Available in 4 colour finishes Gold, Copper, Champagne and Gunmetal Black.
- Dishwasher safe ***Please see our 'PVD care in use' guide on our website for more information.**
- This process can be combined with Laser Marking, Ice and Stonewash to create innovative double finishes.
- MOQ is 300 assorted pieces.

ICE Satin Effect – Personalise your look

- The ICE effect creates a smooth and seamless look with contemporary edge.
- A durable finish due to the micro peening process making it fully dishwasher safe.
- The advantage of the satin finish is that you will not see any finger marks.
- Can be combined with PVD coating to create a double effect.
- Not suitable for Laser Marking.
- MOQ is 300 assorted pieces.

Stonewashed – Unique vintage style

- The cutlery is tumbled to create a textured vintage look to the cutlery.
- A durable finish which is fully dishwasher safe.
- Can be combined with Laser Marking and PVD coating to create a double effect.
- MOQ is 300 assorted pieces.

*All leadtimes are available on request

Features and Benefits

HIGH TEMP RESISTANT | REAL WOOD | IMPACT RESISTANT | DISHWASHER SAFE | 5 YEAR GUARANTEE

- Polywood handles are made by impregnating polymer into real wood. This process gives the handles a resistance to water ensuring they retain their pristine condition.
- Performance blades made from the highest quality stainless steel - For exceptional durability and superior cutting edge technology.
- Sculpted ergonomic handles - Easy and comfortable to hold.
- Impact resistant handles with distinctive stainless steel rivets - Guaranteeing safety and security as well as adding character.
- Dishwasher-safe Polywood means no hand washing - Hot water and detergent resistant.
- Five year guarantee - Against manufacturing defects of Polywood handles.

TRAMONTINA

TRAMONTINA

Stylish distinctive knives with superior cutting edge

A large family run Brazilian company founded in 1911, manufacturing superior cutlery and wooden items for the hospitality industry. All the products are designed and manufactured in 10 factories across Brazil.

A brand that is synonymous with exceptional quality and innovation. Largely focused on the knife and its superior cutting-edge technology. There are many outstanding features such as the super sharp serrated stainless steel blades, Polywood handles and distinctive stainless steel rivets.

The high quality sculpted Polywood handles are dishwasher safe, impact and high temperature resistant and come with a 5 year guarantee.

TRAMONTINA – Precision cutting.

French Style Steak Knives and Forks

These slimline French style steak knives from Tramontina, with 5" micro serrated blades are forged in one piece with the finest quality polywood handles.

Their sleek, sophisticated design will complement and enhance your table setting.

Luigi Bormioli
ITALY

High Precision Lead Free Crystal Glass for professional use

A family run Italian company that has played a prominent role in the glassmaking world since the 14th century. Lead free crystal specialists, producing elegant, ultra clear glassware for the professional market.

With a strong commitment to innovation, utilising traditional Italian craftmanship and new-age glassmaking technology to create beautiful glassware of the highest quality and standards. The outcome is a wide variety of high precision glassware dedicated to the world of wine tasting and the art of cocktail mixing.

A patented anti-abrasion treatment on the glass stems uses titanium to reinforce it permanently. This increases the stems resistance to breakages by 140% even through multiple dishwasher cycles and helps maintain transparency and sparkle.

Luigi Bormioli is committed to using the most sustainable and environmentally friendly methods of production.

LUIGI BORMIOLI – Master glassmakers.

Vinoteque

The shape and dimension of each glass has been scientifically designed to maximise the olfactory and tasting pleasure of specific wines.

Back to the 20's – "The signature cocktail glass"

Step into the elegance of a bygone era of the 1920's, each glass is designed to enhance the overall taste experience and elevate the presentation of individual cocktails.

The heavy based oversized tumblers have been designed to provide plenty of room for ice and garnish where cocktail presentation is key.

RIM GUARANTEE BY ONIS

If the rim of any product covered by the Onis Rim Guarantee chips, LCG will replace or refund the price of the glass. The product must have been purchased via Artis in the UK and returned, through your distributor, to Artis, to qualify for the Guarantee. Breakages are not covered by this Guarantee.

The Iconic brand for professionals

A European glassmaker bringing authenticity and uniqueness to glassmaking. Designing statement glassware for bars, hotels and restaurants, inspiring professionals to add value to their drink creations.

Any drink whether it's a cocktail or beer is best enjoyed in a glass that enhances its taste, smell and appearance. ONIS believes the right glass adds value as it is the first impression for the guest. The right glass enhances the flavour and aroma of your drink to make it a truly enjoyable experience.

With ONIS Xtratuff treatment you don't have to compromise on strength. The treatment applied to the upper part of the glass adds toughness, durability and more resistance to breakages. Ideal for stacking glassware which need to be able to withstand the wear and tear of busy hospitality environments.

All details count when creating the ultimate drinking experience, where the glass is the finishing touch.

ONIS – The Finishing Touch.

Bespoke

The Bespoke range with its gorgeous ultra fine long stem, coupled with the enlarged base to give stability. Combined with a finesse laser cut rim, creates an elegant look and feel and ultimate refined drinking experience.

Kate Gerwin
Creator of the Glitch

"When I look for glassware for my own bar, I look for something that catches the eye but is still functional. Ice is also a consideration. I wanted a glass that would highlight a perfectly clear spear cube yet allows the drink to shine through."

The Glitch – The winner of the 3rd edition of the Glassology by ONIS competition by Kate Gerwin. A unique glass with an artful design, impacts all five senses and enhances the drinking experience.

Cheers – A striking blend of vintage charm and contemporary sophistication. Inspired by the golden age of Hollywood, this distinctive glass features intricate cut detailing that beautifully catches the light.

Perfectly designed for whiskey, cocktails, or aperitifs.

Envy – A striking collection of tumblers, each designed with a thick, weighted base for stability, beautifully complemented by smooth, curved contours.

Divergence – Ergonomic, tactile and charming with an Art Deco feel. The winner of the first Glassology competition and designed by Dries Vanlerberghe.

The chimney design makes it ideal for aromatic cocktails, concentrating flavours to the nose.

Gemini – Glasses perfectly suited to cask ales, craft beers, and ciders.

LIBBEY® +DuraTuff®

Duratuff

An additional hear treatment process targeted at the upper portion of stemware and tumbler products resulting in a very durable glass with prolonged service life.

LIBBEY® FINEDGE®

Finedge

Precision manufacturing produces a rim with a minimum bead delivering a more chip resistant edge and fine lip feel.

LIBBEY® ★HEAT TREATED

Heat Treated

A special heating and rapid cooling process strengthens the upper portion of the glass increasing resistance to thermal and mechanical shock.

1-PIECE STEMWARE

One Piece Stemware

Stemware produced from one piece glass so there are no weak points making it inherently stronger than other stemware.

SAFEDGE RIM LIFETIME GUARANTEE

Libbey Safedge Rim Guarantee

If the rim of any glass covered by the Safedge Rim Guarantee chips, Libbey will replace or refund the price of the glass.

SAFEDGE RIM & FOOT LIFETIME GUARANTEE

Libbey Safedge Rim and Foot Guarantee

If the rim or foot of any glass covered by the Safedge Rim and Foot Guarantee chips, Libbey will replace or refund the price of the glass.

The product must have been purchased via Artis in the UK and refunded, through your distributor, to Artis, to qualify for the above Guarantees. Breakages are not covered by these Guarantees.

LIBBEY

Leading edge technology for exceptional performance

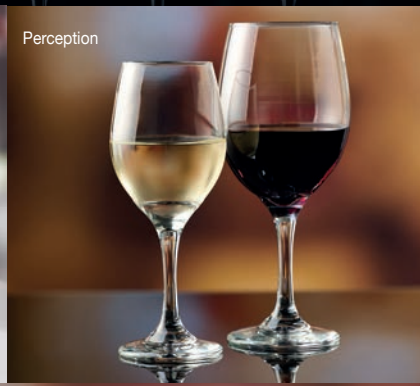
Libbey knows how much it takes to transform a vision into success – because they have been experts at it for over 200 years. Since 1818, the American company has made it their mission to empower the makers of drinks and memories with their thoughtfully curated collection, offering a variety of glassware from functional tumblers to elegant and lightweight stemware.

With their distinct style and durability, the glass is crafted to tell a story through innovative design and attention to detail. Libbey works closely with foodservice professionals to product distinctive showstoppers to fit the latest trends.

Libbey's iconic one-piece stemware collection, offers the perfect balance of weight, functionality and aesthetics. It is inherently stronger than other stemware, formed from one piece of glass so there are no weak points. The DuraTuff process is an additional heat treatment targeted at the rim of stemware and tumbler products which increases the resistance to thermal and mechanical shock, resulting in a very strong glass with prolonged life in service.

High quality, ultra durable glass backed by trusted guarantees.

LIBBEY – Our craft is guided by yours.



1-PIECE STEMWARE

LIBBEY®

One Piece Stemware

Elevate your wine drinking experience with our range of Libbey one piece stemware, produced from high quality glass offering a combination of functionality and elegance. A proven winner in the industry for performance, durability and reliability.

The seamless one-piece construction ensures added strength and resilience, whilst the crystal-clear clarity of the glass enhances the colours and aromas of the wine.

We have a full range of wine glasses and shapes to suit all types of establishments from large scale events to smaller restaurants who are all concerned with the functionality of the glass.

Brillance and Delicacy one piece stemware combine elegant style with durability, taller and slimmer stems offering a more refined version of wine glass. Perception and Teardrop with a lower, wider stem are specifically designed for fast paced, high turn around operators where safety and durability are of the upmost importance.

One piece stemware is the perfect balance of weight, functionality and aesthetics. It is inherently stronger than other stemware, formed from one piece of glass so there are no weak points.

The advantages of Libbey one piece stemware:

- One piece construction means no joins or weak points
- Crystal clear glass for enhanced wine presentation
- Strength and resilience reduces number of breakages
- Choice of shapes and stem width depending on operator
- Heat treated process strengthens rim and foot
- Libbey Rim / Foot guarantee

Delicacy – Classic & Refined

Crafted for exceptional strength and resilience, Delicacy's classic bowl-shaped design has been produced as a more refined alternative to the iconic Perception wine glass.

Delicacy one-piece construction is a taller glass with a longer pulled stem making it ideal for establishments where performance and presentation go hand in hand.

Brilliance – Tall & Elegant

Combining style with durability, Brilliance has an angled bowl shape and a taller, slimmer drawn stem.

Available as a full stemware range, the one-piece construction of Brilliance is complemented by new and elegant stemless options for water and wine.

Perfectly suited to establishments who want a glass with a mix of style and functionality such as gastropubs, wine bars and busy restaurants.

LA ROCHÈRE
1475 FRANCE

French Artisan glassware for everyday

La Rochere is a master glassmaker since 1475, creating authentic products through its passion for innovation. The mission is to create timeless products that combine strength and style with their distinctive French design.

A specialist in pressed glass La Rochere is committed to blending innovative engineering and artistic sensitively to produce beautiful 'handmade' style glassware for the hospitality industry.

Drawing on their own archives they bring everyday glassware collections to life, each with its own story and rooted in French heritage. Products like Abeille, a bee collection inspired by Napolean's coat of arms. Tumblers in a variety of colours and vintage inspired dessert dishes add to the collection.

The ranges feature a distinct bistro style and embody the everyday elegance of chic brasseries.

LA ROCHERE – Creators of emotions.

Belle-Île – Captures the beauty and serenity of the ocean.
Its gently curved shape is enhanced by a delicately embossed shell at the base, reminiscent of the treasures scattered along the shores of the beach. Ideal for serving soft drinks and wine in a casual setting.

VETRI DELLE VENEZIE

Timeless Italian design that shines with elegance

VIDIVI Vetri Delle Venezie is the Italian brand of glassware for the tabletop renowned for its high design content and quality. From a family of glassmaking entrepreneurs, Vidivi combines exclusive technologies, high precision systems and quality raw materials to produce high-definition glass with exceptional clarity.

A stunning collection of Italian designed drinkware and tableware items combine timeless charm with transparent beauty. The glasses are designed to capture and reflect the life in extraordinary ways. The diamond like cuts reflect the light and allow the products to truly sparkle and shine.

The right glass for every occasion, with ranges to suit all types of hotels, restaurants and bar settings.

Join us on this journey to discover how the light can transform every toast into an unforgettable experience.

VIDIVI – High-Definition Glass.

NEW

Divina Eterea

Where purity meets performance, Divina Eterea is a professional award-winning range of high-performance wine glasses crafted from lead-free Lumina crystal glass with a cold cut rim and a slender pulled stem. The unique shape beautifully refracts the light, designed to enhance the aromas of complex and structure red and white wines. The distinctive wide bowl shape promotes proper oxygenation, preserving the precious aromatic notes of the wine.

Tempered Glass

- Glass Tempering technology - Makes the glass extremely durable and improves its mechanical resistance
- Impact and chip resistant – Duralex tempered glass is 2.5 times stronger than ordinary glass
- Thermal Shock Resistant CSN EN 1183 - Duralex is manufactured to withstand sudden temperature extremes from -4°F to 212°F and is suitable for hot or cold liquids.
- Safety is a Priority - If broken, Duralex shatters into small pieces and not shards, reducing the risk of any potential injury

Thermal shock resistant | Dishwasher safe | Microwave safe | Freezer safe

The Tempered glass choice for everyday use

Since 1945, Duralex has pioneered tempered glass technology to produce the very highest quality, durable drinking glasses at their factory in La Chapelle-Saint-Mesmin, France. The first factory in the world to produce tempered glassware and thanks to continued investments and commitment to quality it has continued to thrive.

Suitable for fast moving, high-volume outlets where strength, safety and durability are valued. The original tempered French tumblers Picardie are still being produced in France and are known for their functionality and style.

The tempered glassware are equally suitable for cold and hot drinks, conveniently stackable, microwave, freezer and dishwasher safe, impact and chip resistant and the perfect weight.

Duralex has achieved high standards of excellence making it a recognised global brand.

DURALEX – For everyone. For everyday. Forever.

Picardie

Versatile and practical, suitable for both hot and cold Beverages. A collection with unique curves and distinct bevelled lines making it a true design icon.

The new vibrant Plum Hi-Ball – made from coloured glass, the brilliance of colour is retained throughout the life of the glass making it fully dishwasher safe and scratch resistant.

Gigogne – The first product created by the brand in 1945, Le Gigogne® with its authentic design is the perfect embodiment of a Duralex® glass. Ultra-practical, it is no less aesthetic with its pretty curved shape and its distinctive embossed lines. Now available as a new larger size High-Ball tumbler, it is perfect for juices, smoothies, milk shakes and iced coffees.

Elevating the Art of Hospitality

Artis is a leading provider of quality tabletop items to the hospitality market for over 70 years, supplying drinkware, tableware, cutlery and barware to the food service industry in the UK and the Republic of Ireland.

Under the Artis brand we have handpicked eye-catching products in quality materials that further complement our wider portfolio of branded products. Selected for their specific features to cater to the broad styles and tastes of the hospitality market.

Professional Italian pizza plates in a myriad of colours and decorations, tapas boards, speciality beer glasses and statement wine glasses are just a few examples from the Artis portfolio.

Each piece is crafted to enhance presentation, withstand the demands of professional service whilst reflecting the high standards of our brand.

ARTIS – Every detail matters

Flamenco – Stunning looking, traditional, cut crystal giving a real sparkle to any restaurant, whilst adding sophistication to the stylish Vintage theme which is so popular in bars.

Artbar® by Artis

The Art of Making, Presenting and Enjoying

Artbar by Artis provides quality barware items to the hospitality market, supplying quality, handpicked bar items to the food service industry in the UK and the Republic of Ireland.

Raise the bar with our selection of premium bar tools design engineered for performance. Combining quality and design, built to meet the demands of hospitality professionals and the busiest environments.

Keep it perfectly chilled with our premium selection of wine coolers, champagne buckets and stainless-steel drinking items. Our curated collection adds a touch of luxury whilst keeping your finest pours chilled for the ultimate experience.

Bring your cocktails to life with our vibrant range of exotic Tiki mugs and glasses with tropical vibes. Whether you are serving a classic Mai Tai, Zombie or your own creation, these vessels are designed to wow and impress.

Turn every drinking occasion into an unforgettable experience.

ARTBAR – Raise the bar.

Artbar Tools - The art of making

Raise the bar with our selection of premium bar tools design engineered for performance.

Our collection of bar tools combine quality and design, built to meet the demands of hospitality professionals and the busiest environments.

Whether you are shaking up a classic cocktail in a premium hotel or creating innovative serves in a high-volume bar, our tools offer the perfect balance of form and function.

Artbar Tiki - The art of enjoying

Bring your cocktails to life with our vibrant range of exotic Tiki mugs and glasses with tropical vibes.

Whether you are serving a classic Mai Tai, Zombie or your own house creation, these drinking vessels are designed to wow and impress.

Vibrant and bold turning every cocktail in to an unforgettable experience.

Tiki culture is back to the cocktail scene. Best known for rum drinks, Tiki glasses are also perfect to recreate classic tequila based cocktails.

Artis drinkware ranges includes products suitable for the serving of beers, wines and shots in compliance with current UK and EU legislation on the sale of beer, wine and shots by the glass.

- CE Marked drinkware is product that complies with the UK & EU legislation for the sale of beer, wine and shots by the glass.
- **Wines by the glass** are most commonly permitted in 125ml, 175ml and 250ml measures. Wines sold by the glass should be lined and CE marked.
- **Beers by the glass** are permitted as ¼pt, ½pt, 1pt and 2pt – please note that 3pt is not a permitted nominal capacity. CE 'marked to brim' or 'marked to line' glasses are permitted. Graduated measures are also possible – details upon request.
- **Shots by the glass** are most commonly permitted in 25ml, 35ml and 50ml measures.
- **Jugs** are permitted as ¼pt, ½pt, 1pt, 2pt and 4pt. (a 4pt jug can be calibrated at 3pt)
- Nucleation is available on beer and sparkling wine glasses where we identified this to be relevant.
- In most cases there is a charge per piece for lining and CE marking, for CE marking brim measures and nucleation.
- We have identified the most popular options for all of the above by range. If the drinkware item you require is not listed with a CE mark or nucleation option, please contact our sales office on **020 8391 5544** and we will be pleased to advise.

Measurement Guide for GoldPlas® Racks

- Always take the widest measurement it will not necessarily be the rim; check the bowl and foot.
- Allow free space around bowl for best wash results.
- When ordering for cups we recommend the use of tilted cup racks.

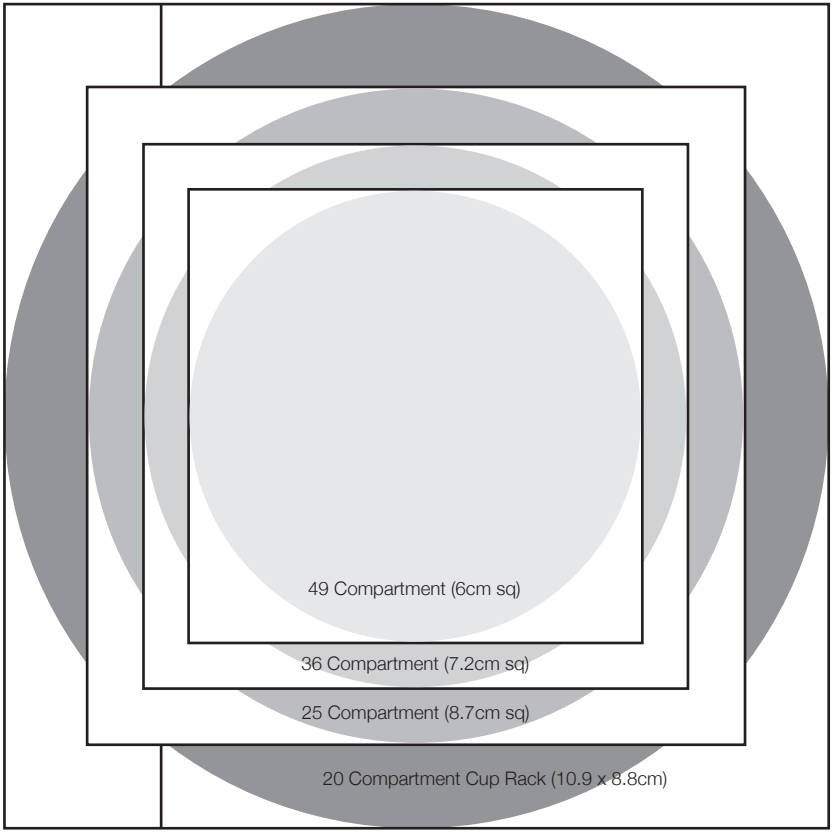
To determine the rack compartment size

a. Place item upside down over circle chart.

b. Whichever circle the largest diameter of the item fits within will determine the number of compartments and their size.

To determine the height of the rack

Up to 130mm high (h) 1 Extender
130mm h would need 2 Extenders
170mm h would need 3 Extenders
215mm h would need 4 Extenders
258mm h would need 5 Extenders

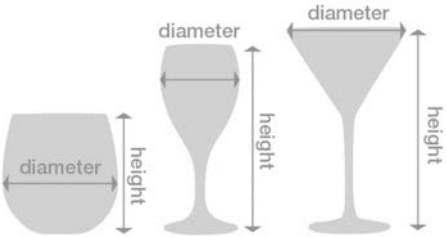


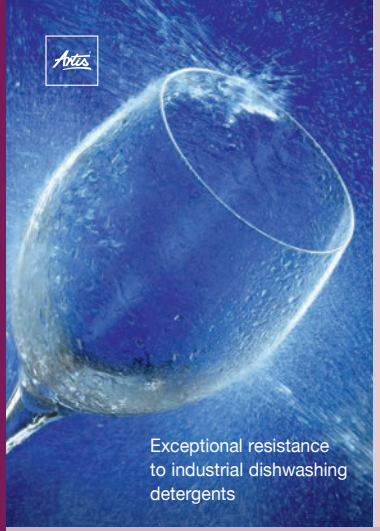
16 Compartment Cup Rack (10.9 x 10.9cm)
9 Compartment Cup Rack (14.8cm sq)

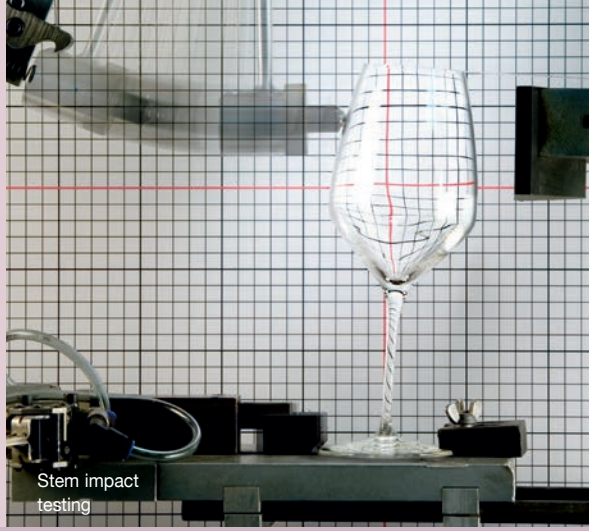
Measuring Tips:

Measure across the widest diameter of glass.

Measure across the full height of glass.







Technological Glossary

SON.hyx from Luigi Bormioli

Crystal glass from Luigi Bormioli has always been produced with the purest raw materials, without the use of lead and with advanced technology. This gives it a high level of transparency and brilliance.

Mechanical Properties

Glassware made with SON.hyx crystal has improved resistance to mechanical shocks Laboratory tests have given the following results:

- **Up to 37.5% increase in rim strength.**
- **Up to 105% increase in resistance to mechanical shocks.**
- **Up to 98% increase in resistance to breakage through twisting at the stem during hand cloth drying.**

Chemical Properties

Tests have demonstrated that SON.hyx crystal glassware has an exceptional resistance to industrial dishwasher detergents and chemicals. After 4,000 wash cycles in commercial dishwashers SON.hyx crystal glassware retains all its original properties.

ULTRA CLEAR & DURABLE GLASS
sparkx®

Sparkx from Luigi Bormioli

An innovative, technologically advanced ultra clear, durable glass with very low iron content for excellent transparency. 30% increased resistance to mechanical shocks.

Resistant to over 2000, industrial washing cycles. Lead and other heavy metals free. Tested by spectrophotometric measuring and classified as 'Ultraclear', according to ISO/PAS IWA 8:2009.

TITANIUM Reinforced®

Titanium Reinforced Stems

Permanent Anti-Abrasion Treatment on the Glass' Stems provides an enhanced hardness and resistance to abrasion and breakage.

MADE IN FRANCE
DURALEX®
DEPUIS 1945

Tempered Glass

All Duralex products are tempered glass, making them extremely durable and resistant to breakage and thermal shock, resisting temperatures of up to 130°C – this means that all items can be used for hot beverages.

Nucleated Glassware

These glasses contain "scratches" at the bottom which provide a nucleation site for all the bubbles, helping to maintain the carbonation in your beer or Sparkling wine for a much longer time.

This means that bubbles continuously rise up to the surface of the glass, carrying with them the aromas trapped inside your brew, and breaks olfactory experience.

Noble China and Purity – Refined, Alumina Strengthened Vitrified Porcelain

Ultra Smooth High Fired Glaze

The exceptionally high firing temperature of over 1,400c delivers an exceptionally hard, strong and ultra smooth glaze which is resistant to abrasion. This results in a surface which is easy to clean and does not suffer from permanent marking, therefore, showing your food off to perfection. The extended life delivers excellent cost in use.

Bone China White Vitrified Porcelain

Noble China and Purity is fired in the kiln to over 1,400c making it extremely dense, very strong and resistant to the ingress of water and thus a very hygienic surface on which to serve food. The firing temperature and profile delivers a fully vitrified porcelain which complies with the performance requirements of BS4034 Vitrified Hotelware.

Alumina Strengthened

The body includes the addition of Alumina which helps enhance the bone china white lustre and conveys exceptional strength and durability. This helps to achieve excellent cost in use on a refined, thinner profile for the perfect fine dining experience.

Quality Raw Materials

The product uses the best raw materials and a sophisticated composition including kaolin, quartz and feldspar. This creates a highly appealing durable porcelain with an exceptionally strong and smooth glaze and bright white finish providing a cost effective long term solution.

Designed for Performance

Noble China and Purity has been design engineered with performance and functionality in mind to withstand the rigours of a busy commercial environment. Rounded, strong edge profiles prevent chipping and the stackability of key shapes aids space saving and back of house storage, resulting in less breakages.

Optimum Heat Retention

The dense nature of the Noble China body which is created through the firing process and vitrification means the product will hold on to heat for longer periods of time, therefore, keeping food and drink at an optimum temperature during food service.

Dishwasher, Oven, Microwave and Freezer Safe

Noble China and Purity has been designed and developed to be highly resistant to the detergents and chemicals used in industrial dishwashers. The very high temperature firing makes all of our products oven safe to the maximum temperature of a commercial oven, however, to prolong the life of your product we do not recommend a very extreme/abrupt temperature change of greater than +/- 220K.

Shaped by Responsibility

Quality assurance is a major factor in the production of Noble China and Purity products and this is reflected through the commitment to increase the yields of finished products and thus reduce the raw material consumption. Autonomous, highly efficient energy production generates electricity and heat. Enhanced environmental performance is achieved for our customers through our environmental programmes and we are certified to International Environmental Management Systems IS0 14001 and Energy Management ISO 50001.

5 Year Edge Chip Warranty and 3 Year Limited Glaze Abrasion Warranty

The performance of the product and glaze is outstanding and has been designed to withstand the demands of busy commercial kitchens and restaurants.

***For full details please use the following email: chip.glazewarranty@artis-uk.com to request a warranty registration form and a copy of the warranty conditions.**

Not Applicable to Playground products, or for Hire Companies.

Understanding Cutlery

Stainless Steel is, by definition, a metal alloy that contains iron, chromium and nickel, but that must contain in excess of 11% chromium. It is the chromium that provides high lustre and improved resistance to staining and corrosion; the nickel makes the alloy more malleable, enabling each piece to be finely crafted. The highest quality of stainless steel is known as 18/10, with the 18 referring to 18% chromium content, and the 10 referring to 10% nickel content in the steel; the higher these percentages, the higher the quality of stainless steel.

Our luxury ranges are 'hollow handled', available in 18/10 grade stainless steel; the hollow handled ranges epitomise the highest levels of finesse, high quality and artisan excellence.

Our superior steak/pizza knives are a cut above the rest - unlike traditional wooden, riveted handles, the technologically advanced 'Polywood' wooden handles are resin impregnated and therefore resistant to high temperatures, water and shock, making them the ideal practical choice for busy service environments; they carry a 5 year guarantee and are fully dishwasher safe, with no need for hand washing.

Cutlery Care Advice

The term 'stainless steel' suggests that items are completely resistant to tarnish or marking; however, even 18/10 grade stainless steel is not totally corrosion or stain-proof; contact with some chemicals, flame/direct heat and abrasion may trigger a degenerative process that can lead to etching, pitting and marking. You can prolong the lustre and high quality finish of your cutlery by following a few simple care guidelines:

- Store stainless steel and silver cutlery separately.
- Mineral salts from tap water may cause staining – please dry cutlery carefully after hand washing.
- To avoid staining by detergents please use a weak solution and ensure proper rinsing and drying.
- Chalky deposits may occur in hard water areas; please use a water softening device and ensure that you rinse cutlery on a dishwasher rinse programme, as some water softeners are regenerated with salt.
- Avoid direct contact with heat or flame, such as a hot plate or gas burner, or immersion in synthetic vinegar, as these may also cause staining. Most stains can be polished off with a proprietary polish.
- Give extra care to knives; to maintain a good cutting edge avoid standing knives in water overnight as this causes as much exposure to corrosion as 3 to 4 months of ordinary usage.

Century Line – Chefs knives

In order to maintain and prolong the life of your knives we recommend the following:

- Wash the knives by hand using warm water and a mild detergent, avoid using any abrasive products, dry immediately with a soft dry cloth.
- Use the knives only to cut food, always on a wooden board or plastic surface.
- Avoid cutting frozen food as this may damage the edge.

Professional Porcelain Care Advice

Artis supplies a wide range of professional porcelain products, to suit most tastes, qualities and budgetary requirements.

You can maintain the appearance and extend the life of your porcelain by following some simple guidelines:

- Avoid scraping off leftover food with cutlery, as metal can cause marking. Instead use a wooden or rubber scraper.
- Metal marking may occur if ceramics make contact with metal utensils, causing grey metal trace marks, due to some steel being softer than the ceramic glaze. Metal marking is easily removed with a gentle, non-abrasive household cleaning agent.
- Ensure that porcelain is washed within 50 minutes of leaving the table to avoid drying on.
- Pre-rinse porcelain before washing to loosen deposits and avoid baking on in the dishwasher.
- Stack plates and platters from above: do not slide them between other pieces when stacking. The bases of plates and platters may scratch decorated surfaces.
- Stack plates and platters from above: do not slide them between other pieces when stacking. The bases of plates and platters may scratch decorated surfaces.
- To avoid chipping use the appropriate warewashing rack – see our GoldPlas range.

- Use stock in rotation to and from the dishwasher, to ensure even wear and reduce excessive abrasion of some items.

Ceramic Care Advice

Please use all points raised for professional porcelain care, when caring for all your ceramic products.

Ceraflame Unique thermic technology means that this product can go straight from the freezer to the oven, or hob without cracking. It is also scratch resistant and dishwasher proof.

Glassware Care Advice

Glass is by nature fragile - please see our Technological Glossary on page 318 for details of all the different kinds of thermal after-processes, partial tempering and heat treatments, designed to increase the resistance of glassware to thermal and mechanical shock and reduce breakages.

In addition, Artis supplies the iconic Duralex brand of tempered glassware; all Duralex products are tempered glass, making them extremely durable and resistant to breakage and thermal shock, resisting temperatures of up to 130°C – this means that all items can be used 'oven-to-table' or for hot beverages.

To minimise breakages and to prolong the longevity and appearance of your glassware, please follow some simple guidelines:

- Do not put cutlery into glasses.
- Never pick up glasses in clusters.
- Be careful to avoid contact with beer and water taps.
- Do not put cold liquids into hot or warm glasses straight from the dishwasher – this can cause cracks.
- Do not stack glasses that have not been designed to stack.
- We recommend storing non-stacking glasses in racks – see our GoldPlas warewashing range for suitable sizing to suit your glassware.
- Pre-heat glasses for hot drinks by running them under warm water. We recommend that you pour hot liquid over the back of a spoon into a glass.
- When handling glassware, avoid contact between glasses, to avoid scratching.
- Never scoop ice with a glass.
- Check glasses regularly for chips or cracks – if found, immediately dispose of that item safely.
- Most glassware can be cleaned in a dishwasher, however, always use a non-caustic detergent as caustic detergents affect head retention, etch the glass and give the glass a shadowy tinge.
- Always wash new glasses before use to remove manufacturing residues.
- Hot water on the premises should be stored at 60°C – if water is stored at a higher temperature, by the time it reaches the machine it may be too hot and could crack glasses, or bake-on debris.
- Coffee cups should never be washed with glassware as dregs can taint water, staining glasses – this also applies to drinks containing cream.

Polycarbonate Care Advice

Polycarbonate is a tough, transparent, virtually unbreakable thermoplastic. It is dishwasher safe up to 500 washes and can withstand temperatures of up to 145°C.

Plastic/Acrylic Care Advice

To maintain the clarity and transparency of acrylic/plastic products we recommend hand washing with a maximum temperature of 60°C.

Dishwasher cleaning agents and excessive heat causes acrylic plastic glassware to "craze".

Bamboo/Wood Care Advice

- Bamboo and Wood are natural products, therefore, each piece will have slight differences.
- Clean all your bamboo products with a damp cloth and mild detergent; it is not recommended to put these items in the dishwasher.
